

HAPPY Easter

Hello, my name is Allison Kennerknecht. As many of you may remember from last year I am fundraising to provide St. Boniface Food Pantry families with Easter baskets for their kids. Last year was such an unbelievable turnout I can't even begin to say how truly blessed I am to have a community like I do. The smiles on the families faces is something I will hold with me forever.

When I was one my house completely burned down, and we lost everything. The families in our community were so generous. They all came to our benefit and assisted us with food, toys and so much more. My family and I are forever grateful. Because of the generosity everyone showed to my family when our tragedy happened, I am motivated to give back by helping kids who may not be able to receive Easter Baskets. I am aware how some families struggle, especially during the holidays. Whether it is because they have lost a loved one or they do not have enough money for extras, I know how generous this community has always been.

I ask everyone to come together once again to provide donations, so we can all make this another Easter to remember. I want to make kids feel special and blessed during the Easter holiday.

More information to come next week on what can be donated for the Easter Baskets.

'Easter calls to mind the reality of love and the hope of eternity'.
